Target group

The Assessment for Learning training programme is a perfect career boost for anyone working in or aiming to pursue a career in different positions in education.

Structure

Assessment for Learning programme consists of eight modules. Modules last for 1-20 study hours. The total number is 81 study hours. Participants have one year time to complete the programme.

Learning objectives

The learning objectives of the training is that the participants are able

- To understand the assessment process
- To explore different functions of assessment
- To innovate practical examples of versatile assessment methods and tools
- To create practical ideas how to integrate assessment in everyday school work

Training modules are qualified as in-service training and do not provide a degree or a formal qualification. Earned hours may be used for recertification credits.

We support your career development.
