## Introduction

Join the research-based online training modules which are developed and delivered by the experts from the University of Oulu.

Our training provides the skills development which mentors need to clarify their roles and responsibilities when encountering with mentees.

With the help of our training modules, you are able to identify the qualities and abilities in other people and develop them through collaboration.

Three different themes include several independent modules for you to choose from. You can complete any module in an order most suitable to your needs alongside full-time work.

Receive a Certificate accredited by the University of Oulu, Finland.

Training modules are qualified as in-service training and do not provide a degree or a formal qualification. Earned hours may be used for recertification credits.

The modules cover 2-4 study hours each. Module licenses remain active for 8 weeks.
